

Sixth Form Newsletter 30/06/2023

Dear Parents/Carers,

Year 12 Exam results

Over the next week, all students in year 12 will receive their end of year 12 exam results and the feedback they need to make improvements moving forward into year 13. The staff will work with the students to put in place action plans to support them with their progress. The exam results will be formally communicated home in the year 12 monitoring window, and you will receive these grades before the end of term.

UCAS predicted grades.

The end of year 12 exam results will form the basis for our UCAS predicted grades. The UCAS advice, is that all predicted grades are 'aspirational but achievable' and 'data-driven'. Therefore, the school's policy is that the end of year 12 results are the basis for our predictions but, where evidence is present, department areas can predict higher. Staff will discuss the predicted grades with students over the coming weeks and then again in September before we finalise any UCAS applications.

Unifrog

Next week sees the launch of Unifrog to our year 12 students. Unifrog is the universal destinations platform and is designed to support learners in making the most informed decisions about their futures and has a range of tools that support students in making informed choices for their post-18 studies.

Each student has their own account where they can explore all the career and next step options available to them and find information on everything from managing their workload to writing a winning CV. Students have access to a wide variety of video and written content, and interactive quizzes and tests, including:

Section of the platform	Examples of what students can do	Suitable age range
Quizzes	Finding their interests, personality type, preferred work environment, and skillset.	Years 7-13
Exploring pathways	Explore careers, career sectors, subjects, sign up to free webinars, explore MOOCs and courses, and find wider reading materials.	Years 7-13
Recording what you've done	Record their in-class and extracurricular activities, record examples of their skills, and see the record of CEIAG events	Years 7-13

	the school has added to their accounts.	
Searching for opportunities	Find scholarships, activities, and bursaries to support their HE journey. Find and compare degrees in the UK and overseas, live apprenticeships, and FE courses.	Years 10-13
Application materials / Making applications	Write their CV, Cover Letter, Personal Statement, and more. Track their applications and record their Post 16 / 18 intentions.	Years 11-13

Unifrog will be launched by myself in assembly on Monday and then the students will have a series of tasks to complete during the week.

Any questions, please contact your child's tutor and we will help you.
