

October 2021

Dear Parent/Carer

GCSE Science Live

The Science Department plan to run a trip to **GCSE Science Live!** in London on the 4th March 2022, unfortunately the previously selected event at Oxford has been fully booked, hence the change of venue.

The day offers:

- The chance to see and hear five of Britain's top scientists, all working at the cutting edge of their specialisms. These scientists are chosen for their ability to communicate with students of this age.
- Help improving your science GCSE results with top tips on examination success from an experienced science examiner.

The day will be fast moving, thought-provoking and will give students the chance to raise issues with the scientists. The end goal of the day is to improve student enthusiasm in science subjects which we hope will improve their performance at science GCSE.

The cost of attending the trip will be £39 and the deadline for payment is 19th November 2021. If you wish your child to attend please pay using your online payment account via ScoPay at <https://www.scopay.com/login.html> . If you have not already created an online account, you should have received a letter with your pupil link code and guidance on creating this. If you need a copy of this letter please e-mail finance@emmbrook.wokingham.sch.uk

This is a voluntary contribution. However, there is no school contingency to supplement school trips and the trip will not run unless all voluntary contributions are received.

Yours sincerely

Mr J. Curry

STEM Coordinator
