

Dear Parent/Carer,

I am writing to you with an update on the year 8 assessment calendar.

It seems like year 8 has only just begun and already I am writing to you about their first assessments. Term 1.2 is the time in the academic cycle for all students in year 8 to be assessed on their progress so far this year. Almost all subjects will be running formal assessments after the half term break in the fortnight beginning 21st November. I am aware that this is a calendar month away, but I feel it is important to give ample notice to parents/carers.

Assessments are nothing to worry about and, assuming the students have worked hard and applied themselves throughout the last few weeks, they'll be absolutely fine.

Students should take these assessments seriously and prepare as per the guidance of each department. All the preparation needed for the assessment week will be set via ShowMyHomeWork (now known as SatchelONE) and resourced via MS TEAMS over the coming weeks.

In order to allow you to support your child with preparation, below is an outline of the topics being assessed:

The assessments will take place in lessons. Students should arrive to school with the normal equipment needed. Individual subject teachers will inform each class of when their specific assessment time/date is.

The results of the assessments will be made available to you shortly before the end of term. This will be the ideal time to discuss any queries you may have around the assessment process and progress through the key stage 3 course.

If you have any questions around the assessments, please do not hesitate to contact me, subject teachers or your child's tutor at the school.

I wish your child all the very best of luck with this assessment window and hope you and the family have a very enjoyable half term break.

Yours sincerely,

P Whitehouse (Assistant Headteacher)
